Just for Fun

- Kelly and her family love to vacation in St. Maarten, and has gone there every year since she started working for TBC.
 - Short in height, not in volume, she can always be counted on when you need to get everyone's attention.
 - What does Kelly have in common with celebrities Robert Downey Jr., Christopher Walken, Jane Seymour and Dan Aykroyd? They all have heterochromia iridis, a condition when the irises have different colors.
